

FUND ALLOCATION OF PREMIUM PAYMENTS

Security Life of Denver Insurance Company, Denver, CO
A member of the Voya® family of companies
Customer Service: PO Box 5065, Minot, ND 58702-5065
Website: voya.com
Completed forms can be emailed to: liferequest@voya.com

Product _____ **Policy Number/List Bill Number** _____

A. PREMIUM ALLOCATION

Initial or Future Premium Allocations: Current investment allocations remain the same. See Section D for Investment Transfer Request.

Premium Allocation: Allocate your premium among the investment options of the Separate Account and/or to the Guaranteed Interest Division. Use whole number percentages for each division/option elected. You must allocate at least 1% of your premium allocation to each division/option in which you elect to invest. The total must equal 100%. For all premium allocation rules, refer to the prospectuses.

CA Residents age 60 and older: Unless you tell us otherwise, during the 30 day free look period we allocate your initial net premium to the money market investment option. At the end of the free look period, we automatically reallocate your policy value among the various investment options according to the allocation instructions on this form. For more information, see your policy and prospectus, ask your representative or contact Customer Service.
