B. MONTHLY DEDUCTION SUB-ACCOUNT *(Voya Protector Elite, Voya Investor Elite, and Voya Investor Elite NY only.)*

We may allow the Monthly Deduction, including the Monthly Mortality and Expense Risk Charge, to be deducted from the Sub-Account you specify. If the value of the specified Sub-Account is less than the Monthly Deduction allocated to that account, the excess of the Monthly Deduction will be deducted on a proportionate basis from the non-loaned Fixed Accumulation Value and the Variable Accumulation Value.

Monthly Deduction Sub-Account

C. AUTOMATIC REBALANCING OPTION *(Automatically rebalances the Accumulation Value periodically to maintain a specified percentage allocation among the selected Sub-Accounts.)*

The policy owner must have at least \$10,000 invested in the source fund in order to initiate Automatic Rebalancing

Select The Transfer Frequency (Select one.)

Transfer funds: Monthly Quarterly Semi-Annually Annually

Select The Transfer Start and End Dates (month/day/year). *(If no date is selected, changes will be effective on the date the request is received.)*

Start the transfers on the following date: _____ / _____ / _____ *(Only days 1 through 28 are allowed.)*

(Start date should be at least 14 days after the date you submit this form to us to allow adequate processing time.)

End the transfers on the following date: _____ / _____ / _____

(Transfers will terminate at the earliest of the date specified, the date we receive your written request, or the date the service is terminated by us.)

Note: The following funds are the only funds available with the Dynamic Variable Universal Life and Dynamic Variable Universal Life II products: Voya Liquid Assets Portfolio - Class I, Voya Balanced Portfolio - Class I, Voya Intermediate Bond Portfolio - Class I and Voya Growth and Income Portfolio - Class I. We will only allow transfers between these funds.

Make automatic periodic transfers to maintain the percentage allocation of Accumulation Value, less any Loan Amount, as specified below. Also, change the allocation of future Net Premiums to this same allocation.
