C. WITHHOLDING ELECTIONS

Regardless of whether or not federal or state income tax is withheld, you are liable for taxes on the taxable portion of the payment. If you do not have a sufficient amount withheld, you may be subject to tax penalties under the Estimated Tax Payment rules. An election made for a single non-recurring distribution applies only to the payment for which it is being made. For recurring payments, your withholding election will remain in effect until it is changed or revoked. You may change or revoke your election at any time prior to a payment being made by submitting IRS form W-4P. U.S. persons having their payment delivered outside the U.S. or its possessions may not make an election of NO withholding. In this case, if you choose no withholding, the default rate will be applied. Non-resident aliens are subject to a mandatory 30% withholding rate unless they are eligible for a reduced rate or exemption under a tax treaty and the required documentation is submitted.

Non-periodic payments—10% withholding: Non-periodic, non-rollover eligible payments from pensions, annuities, IRA's and life insurance contracts are subject to a flat 10% federal withholding rate unless you choose not to have federal income tax withheld. These include for example, required minimum distributions, hardship withdrawals, and distributions from IRA's that are payable on demand. You can choose not to have withholding applied to your non-periodic distribution by checking the applicable box below. You may also elect withholding in excess of the flat 10% rate.

Federal Withholding Instructions:

If no U.S. state or territory is on record and one is not specified, we will presume this income is not reportable to any U.S. state or territory.)

DO NOT withhold any state income tax unless mandated by law.

DO withhold state taxes in the amount of \$ _____ or _____% (If you make this election, a dollar amount or percentage must be specified and cannot be less than any required withholding.)

If you do not make an election or if your state requires a greater amount of withholding, we will withhold at the rate specified by your state of residence for the type of payment you are receiving. In some cases, your state specific withholding election form is required to opt out of withholding or to choose a rate other than the state's default rate. Refer to your State Department of Taxation for details.

IMPORTANT NOTICE: SURRENDER DISCLOSURE (WA)

Important information about your life insurance policy from the State of Washington Office of the Insurance Commissioner

Life insurance is a critical part of a broader financial plan. There are many options available, and you have the right to shop around and seek advice from different financial advisers in order to find the options best suited to your needs.

You are encouraged to consider the following possible alternatives to requesting a surrender of your life insurance policy. These alternatives include, but are not limited to:

- **Accelerated Death Benefit:** Your policy may provide an early or accelerated discounted benefit payment if you have a terminal or chronic illness.
- **Cash Surrender:** Your policy may have a cash surrender value your life insurer would pay you if you cancel it.
- **Gift:** You may be able to gift your policy to your beneficiary, who would then assume responsibility for paying premiums.
- **Life Settlement:** You may be able to sell your life insurance policy to a third party. You pay no further premium. The third party becomes the policyholder and receives the benefit upon the insured's death.
- **Maintain Your Policy:** You may be able to maintain your life insurance policy in force by paying the premiums directly or using your current policy values to pay the premiums.
- **Policy Changes:** You may be able to reduce or eliminate future premium payments by obtaining a paid-up policy, by reducing optional coverages, or through other options available from your life insurer.
- **Policy Loan:** You may be able to take out a loan from your life insurance company using the cash value of your policy as collateral. Loan proceeds can be used to pay the premiums or for other purposes.
- **Third-Party Loan:** You may be able to get a loan from another party to pay your policy's premiums. In return, the lender may require an assignment of a portion or all of the policy's death benefits.

These options may or may not be available depending on your circumstances and the terms of your life insurance policy. See your policy or contact your life insurance company, financial advisor, or insurance producer to determine your particular options. If you're a Washington state resident and have questions about life insurance and your rights, contact the Office of the Insurance Commissioner at 800-562-6900, or go to www.insurance.wa.gov. Ask questions if you don't understand your policy.

Here's a list of commonly used terms:

Accelerated death benefit: A benefit allowing terminally ill or chronically ill life insurance policyholders to receive cash advances of all or part of the expected death benefit. The accelerated death benefit can be used for health care treatments or any other purpose.

Cash surrender value: This term is also called "cash value," "surrender value," and "policyholder's equity." The amount of cash due to a policyholder who requests the insurance company cancel their life insurance policy before it matures or death occurs.

Expected death benefit: The face amount of the policy, less any policy loan amounts, that the insurance company is expected to pay the beneficiaries named in the life insurance policy upon the death of the insured.

Lapse: Refers to a life insurance policy ending or expiring when a policyholder stops making premium payments.

Life settlement: Refers to a contract in which the policyholder sells his or her life insurance policy to a third party for a one-time cash payment which is greater than the cash surrender value, but less than the death benefit of the policy. A life settlement includes a viatical settlement, defined below.

Policy loan: A loan issued by an insurance company using the cash value of a person's life insurance policy as collateral.

Viatical settlement: An arrangement in which someone with a terminal illness sells his or her life insurance policy at an amount less than the death benefit. The ill person receives cash, and the buyer receives the full amount of the death benefit. This death benefit is payable once the former policyholder dies.
